

# ACADEMIC ADVISING SYLLABUS

## HUNTER COLLEGE

**AN ADVISING SYLLABUS** is a tool, which allows advisors to outline the advising relationship, process, and approach for students. Academic advising is an intentionally designed program that assists students in navigating between curricular, co-curricular and extra-curricular challenges and opportunities. In so doing, an advising syllabus communicates to the student the set of learning outcomes they are expected to achieve through their educational experiences at Hunter College.

## ADVISING MISSION STATEMENT

**ACADEMIC ADVISING** at Hunter College is a student-centered teaching and learning process dedicated to student success. Academic advising facilitates student development through plans created collaboratively among faculty, students, and professional staff to achieve educational and personal goals.

<b>Democratic Opportunity</b>	Defining one's values and core principles strengthens students' foundations to confront established elites and the status quo.
<b>Accountability</b>	We are committed to timely, accurate, and skilled advising. Advising units participate in campus-wide assessment efforts to assure this occurs.
