

## NATIONAL SCIENCE FOUNDATION (NSF) UPDATES TO BIOGRAPHICAL SKETCH AND OTHER CURRENT AND PENDING SUPPORT DOCUMENTS

As a **reminder**, the mandate to use SciENCv (only) for preparation of the **NSF Biographical Sketch and Current and Pending Support** as senior personnel documents will go into effect for NSF proposals beginning **October 23, 2023**.

If you have not transitioned to using SciENCv please familiarize yourself with the system as the fillable forms will be discontinued as of **October 22, 2023**.

NSF has partnered with the National Institutes of Health to use **SciENCv: Science Experts Network Curriculum Vitae** as an NSF-approved format for use in preparation of the Biographical Sketch and Current and Pending Support section of an NSF proposal. Adoption of a single, common researcher profile system for federal grants reduces administrative burden for researchers. Users can access SciENCv by visiting <https://www.ncbi.nlm.nih.gov/sciencv/>

SciENCv will produce an NSF-compliant PDF version of the Biographical Sketch and Current and Pending Support form. Proposers must save these documents and submit it as part of their proposal via [Research.gov](https://www.research.gov/).

### ALERT

#### WHY THIS ALERT?

This publication has been created to serve the purpose of informing researchers of new information, trends and concerns as they occur.

#### Reminder
