## Additional Notes

For students who place below MATH 150, please note the following Math sequence: MATH 101 – MATH 125 – MATH 150. If you start MATH 125 Precalculus, the degree map is shifted by one semester and still allows for completion of the major in 4 years.

\*CHEM 111 and CHEM 112 are sequence options in place of CHEM 102, CHEM 104 and CHEM 106

If taking CHEM 111, this is a special honors course and is a prerequisite for CHEM 112.

CHEM 34900 is the recommended elective but CHEM 32200, 36600, 39200, 37600 or 38800 are acceptable. All electives require departmental permission.

In Junior and senior year, a 300-level chemistry course must be taken.
