MATH WEEK

MARCH 10TH-14TH

WHEEL OF FORTUNE

Pick a subject (Statistics, Geometry, Algebra, Pre-Calculus). We will give you three consonants and a vowel. Try and guess the term in 20 seconds to win a prize

JEOPARDY!

Pick a subject for which you want to solve 3 problems. If you solve 2 questions, you will get a first level prize; solve all 3 and you will win a second level prize

HOW'S YOUR MEMORY

Fourteen cards will be shown and then turned faced-down. If you are able to remove at least three matching pairs before you hit 4 'strikes' you will win a prize.

Math Taboo

Attempt to guess the Math word or Phrase without the host using the Taboo words listed on each card.
