# The Human Biology Program

# WHAT CAN YOU DO WITH A HUMAN BIOLOGY MAJOR?

## CLINICAL CARE

*If you want to...*
- *be hands-on/at bedside with patients*
- *deliver medication/take bloodwork*
- *conduct medical tests*
- *monitor symptoms*

**Physician Assistant**
**Nurse**
**Nurse Anesthetist**
**Medical Doctor**

**Dentist**
**Dental Hygienist**
**Ultrasound Technician**
**Physical Therapist**
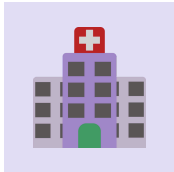

## LIFE SCIENCE RESEARCH & LAB WORK

*If you want to...*
- *examine samples*
- *analyze biomedical data*
- *explore the body and brain*
- *support the research process*

**Environmental Scientist**
**Microbiologist**
**Toxicologist**
**College Professor**

**Clinical Research Scientist**
**Forensic Scientist**
**Conservation Scientist**
**PhD Student**

## HEALTHCARE ADMINISTRATION

*If you want to...*
- *explore the business of healthcare*
- *improve patient care*
- *coordinate healthcare facilities*
- *help patients on a larger scale*

**Patient Care Coordinator**
**Hospital Administrator**
**Practice Manager**
**Patient Representative**
**Insurance Claims Adjuster**

## PUBLIC HEALTH, POLICY, & ADVOCACY

*If you want to...*
- *educate others about health*
- *work in healthcare AND research*
- *create widespread changes in health and healthcare*
- *shape public heath policies*

**Community Nutrition Educator**
**Climate Change Policy Analyst**
**Sustainability Strategist**
**Environmental Health Advocate**
**Public Interest Lawyer**

## LEARNING & DEVELOPMENT

*If you want to...*
- *help others succeed in their job/at school*
- *build others' skills for everyday life*
- *support others in overcoming personal or physical difficulties*

**STEM/Health Educator**
**Dietician**
**Genetic Counselor**
**Speech Pathologist**

**Occupational Therapist**
**Social Worker**
**Mental Health Counselor**
**Human Resources Specialist**

## BIOINFORMATICS & HEALTH TECHNOLOGY

*If you want to...*
- *use data and technology to solve healthcare challenges*
- *develop diagnostic technologies*
- *improve medical data systems*

**Clinical Data Manager**
**Health Information Tech**
**Business Intelligence Analyst**
**Clinical Application Developer**
**Medical Records Specialist**
