Additional Notes

- For students who place below MATH 150, please note the following Math sequence:

MATH 101 – MATH 125 – MATH 150. If you begin with MATH 125 Pre-calculus, the Degree Map is shifted by one semester and still allows for completion of the major in 4 years.

- At Math 260, students who do well should inquire with the departmental adviser about the BA/MA program.

- Symbolic Computation Proficiency may also be met by passing a departmental exam in a computer algebra system (currently we use MATHEMATICA or the equivalent)

- Required STAT or MATH elective must be approved by Math advisor

- Please see Math advisor for Actuarial Sequence
