Additional Notes

•For students who do not place into MATH 12550 they should begin with MATH 101 Algebra. The sequence is as follows – MATH 101 – MATH 12550 – MATH 150 -MATH 155. If you begin with MATH 101, the Degree Map is shifted by one semester and still allows for completion of the major in 4 years.

•BIOL 100 is offered during the spring and summer semesters only. To complete the degree in four years, students who are unable to complete the course in the spring semester of freshman year should enroll in the summer course.

•BIOL 100 and 102 may satisfy Pluralism & Diversity - either Group C or Group D, only if both courses are taken at Hunter.

•MLSP 410 requires departmental permission.

•MLSP 457 requires permission from an instructor.
