

# 2025 OTC

Office of Technology Commercialization  
Fellowship Opportunity

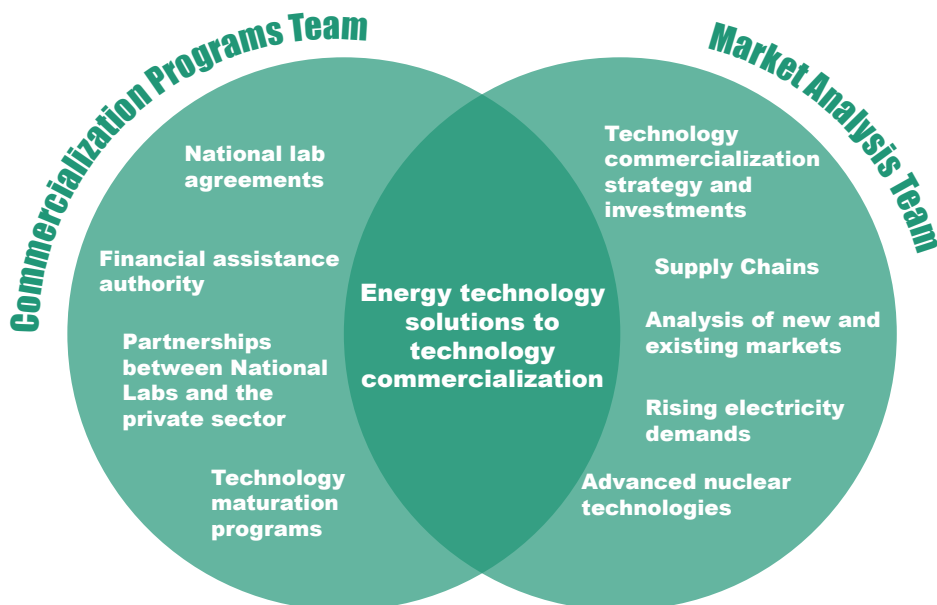

## About this Opportunity

The mission of the Office of Technology Commercialization (OTC) is to expand the commercial and public impact of the research investments of the Department of Energy (DOE) and to focus on commercializing energy technologies that support the missions of the Department.

The fellowship is offering the opportunity to learn about the federal government and its role in commercializing energy technologies. Selected candidates will have the chance to participate in the Commercialization Programs Team or the Market Analysis Team within OTC.
